- IX. Next Meeting

PACE Mission

PACE is a dynamic collaborative process, which exists to assess, protect, and improve the community’s environmental quality and health.

This will be achieved through research, public education and implementation of a healthy Delaware plan.

The plan will promote public policy on issues impacting environmental quality, sustainable development, health risk, and quality of life.”

PACE Vision

“The people of Delaware County live, work, and play in a healthy environment in every stage of their life while they preserve and enjoy their county’s natural heritage, and an enhanced quality of life.”
