## **PRE-REGISTER FOR H1N1 VACCINE**

P.O. Box 570                      1-3 W. Winter St.                      Delaware OH 43015  
740-368-1700                      FAX 740-368-1736                      Web Site: [www.delawarehealth.org](http://www.delawarehealth.org)

## **FOR IMMEDIATE RELEASE**

For further information contact Jesse Carter, public information officer, at 740-203-2085.

**DELAWARE, OH., October 9, 2009** – If you are planning on getting your H1N1 vaccine, whether in the mist form or the shot form, you can now pre-register online. The web site is: <https://h1n1vaccine.odh.ohio.gov/>. There is also a link to this website through the Delaware General Health District web site: [www.delawarehealth.org](http://www.delawarehealth.org). Once pre-registered people are asked to print out the form and bring it to the clinic. If you cannot bring the entire form, please make sure you bring the number that the system assigns to you once you are registered. The advantages of pre-registering for the H1N1 vaccine are:

- Improves accuracy of recordkeeping.
- Enables public health to plan for how much product is necessary for each facility.
- Find out in advance about the vaccine you will receive.

All persons, whether pre-registered or not will still have to fill out a consent form before receiving the vaccine. For more information about upcoming seasonal flu clinics or H1N1 clinics please call the Delaware General Health District information line at 740-203-2015 or visit the website at [www.delawarehealth.org](http://www.delawarehealth.org).
