

UPDATED GUIDANCE: **CASES & EXPOSURES**

IF YOU ARE A COVID-19 CASE

Everyone, regardless of vaccination status:

- Stay home for 5 days.
- If you have no symptoms or your symptoms are resolving after 5 days, you can leave your house.
- Continue to wear a mask around others for 5 additional days.

If you have a fever or your symptoms are not improving, continue to stay home after day 5 until your fever resolves and symptoms improve; and wear a mask for 5 additional days.

IF YOU WERE EXPOSED TO SOMEONE WITH COVID-19

If you:

Have been boosted **OR** Completed the primary series of Pfizer or Moderna vaccine (2 doses) within the last 6 months **OR** Completed the primary series of J & J vaccine (1 dose) within the last 2 months

- It is recommended that you wear a mask around others for 10 days.
- Test on day 5, if possible.
- If you develop symptoms, get tested and stay home.

If you:

Completed the primary series of Pfizer or Moderna vaccine (2 doses) over 6 months ago and are not boosted **OR** Completed the primary series of J & J (1 dose) over 2 months ago and are not boosted **OR** Are unvaccinated

- Stay home for 5 days after last exposure. After that continue to wear a mask around others for 5 additional days.
- If you can't stay home for 5 days, you must wear a mask for 10 days after last exposure.
- Test on day 5, if possible.
- If you develop symptoms, get tested and stay home.
